

Austin Neighborhoods Council
Minutes of the General Meeting
Austin Energy Building, 721 Barton Springs Rd.
January 28, 2009
7:00pm to 9:00pm

7:05pm Call to Order and Introductions (There was a big crowd, and intros took 10 min)

7:15pm Marc Ott, Austin City Manager

Financial conditions and budget reduction process. Mr. Ott plans to present this to the City Council on Feb. 11, and town meetings will be scheduled after that, for more community input on priorities and concerns regarding budget reductions. The City Manager's presentation and email feedback will be posted on ANCWeb

8:05pm An open conversation with Sara Hensley, new Parks and Recreation director. Her answers to questions about Rental Car Tax Revenue and Parkland Dedication Fees will be posted on ANC Web. Director Hensley's e-mail is Sara.Hensley@ci.austin.tx.us.

8:50pm Waterfront Overlay Task Force Recommendations.

Danette Chimenti presented the 5 priorities of the task force, from its executive summary (see attached).

Lorraine Atherton moved that "The Austin Neighborhoods Council supports the complete recommendations of the Waterfront Overlay Task Force and urges the Austin City Council to move forward with the task force's five priority issues as soon as possible."

Motion was seconded and passed unanimously.

9:00pm Announcements and Updates on Ongoing Issues

Texas Neighborhoods Together Legislative Agenda: Lisa Harris reported that TNT will meet Feb. 7 to finalize its legislative agenda. She will circulate the information on ANCWeb.

Outdoor Music Venues and Neighborhood Compatibility: Danette advised that interested neighbors watch the ANC listserv for updates.

Comprehensive Plan, PC Subcommittee meeting Feb. 3 at 6 pm., City Council briefing Feb. 12. ANC candidates forum, scheduled for March 25, need volunteers to contact Mark Boyden.

Volunteers for Homeless Count/Survey Jan 29

Neighborhood Assistance Center, interviews are being scheduled; Greg Guernsey assures us that the two positions are not affected by the freeze on new hires.

Information on upcoming meetings about the Hazard Mitigation Plan and Austin Energy's Town Hall Meetings will be posted on ANCWeb.

9:15pm Adjourn

WATERFRONT OVERLAY TASK FORCE RECOMMENDATIONS (From the Executive Summary)

The essential finding from the Taskforce's eight month review is that the current code has been significantly weakened by the changes in the ordinance that have been adopted since 1986 and in particular the 1999 re-codification of the ordinance has removed significant protections and incentives to promote community benefits and enhancement of the waterfront. The major areas of concern with the current ordinance and our primary recommendations to address these issues are:

1. The Goals and Policies enumerated in the Town Lake Corridor Study are no longer referenced as the basis development assessment.
City Council should re-instate the goal and policies of the Town Lake Corridor Study into the waterfront overlay.
2. The Waterfront Planning Advisory Board's responsibility to provide contextual oversight of all land use decisions within the Overlay district has been abandoned and there is no single point of responsibility in the City for protecting and enhancing the lakefront. Decisions on Waterfront Overlay issues relating to various parts of the Land Development code are being made in isolation, without assessing the impact to other goals of the Town Lake Corridor Study and other planning documents.
To ensure cohesive development along the lakefront, the City Council should appoint a new Waterfront Planning Advisory Board with the responsibility for reviewing all land development issues in the Waterfront Overlay District and providing recommendations to City Council. Of course, the City Council will continue to have final authority over all development along the waterfront.
3. The subdistrict maximum building heights that superseded any other provisions of the code were removed in the 1999 re-codification.
The subdistrict maximum heights should be reinstated to the waterfront overlay ordinance and they should supersede any other provisions of the Land Development Code.
4. Bonus provisions were included in the 1986 ordinance to encourage and provide incentives to property owners in exchange for achieving stated community benefits. The bonus provisions did not have a means to allocate fairly additional height or increased floor area ratios in response to community benefits provided by proposed new development and were removed in the ordinance re-write.
A method for awarding, implementing and reviewing the bonus provisions to achieve community benefits outlined in the 1986 code should be developed. The bonus provisions should be available, with a clear method increasing entitlements commensurate with the community benefits provided by the project. This Task Force recommends that City Council reinstated the bonus provisions previously outlined in the 1986 ordinance.
5. Newly adopted citywide design policies conflict with the Waterfront Overlay Regulations and remove important protections established by the 1986 ordinance.
The unique nature of the waterfront requires special consideration, and the Waterfront Overlay District ordinance should supersede the Commercial Design Standards and any other citywide design policy to the extent that they conflict with the Overlay District regulations.

These five items are the Task Force's priority issues that we recommend to be addressed as soon as possible.
