Dear Mayor Wynn, Mayor Pro Tem and Council Members,

The following resolution regarding usage of the Go-Bond money was brought forward by the Austin Neighborhood Council (ANC) East sector and approved by the ANC General Membership on May 28, 2008.

The Austin Neighborhoods Council urges the City of Austin to establish a public process and implementation plan to achieve clearly stated affordable housing goals as previously presented to voters in the Go-Bond election and also to establish clear criteria for awarding the bond money to projects that present the best return on investment of these limited funds.

Thank you,

Danette Chimenti
President, Austin Neighborhoods Council
